Feeding Instructions

Replace seed every 1 to 2 days to prevent the growth of fungus and bacteria.

Empty old seed before replenishing the feeder.

During slower feeding seasons, provide less seed to ensure less waste.

Feeder Care

Keep feeders clean and well-maintained to prevent growth of disease-related micro-organisms.

Place your feeder in a quiet area with easy access for cleaning and refilling.

Place feeder at least 3 feet away from homes or buildings to help animals avoid collisions.
